EDUCATION

B.S.C

Computer Science

University of Green

📅 December 2021 - Present

📍 Mirpur 10, Dhaka

Expert

Python

Django

JavaScript

React.js

Rest-API

MYSQL

Rest API

Redux.js

Familiar

HTML5

CSS3

DOM Rendering

Linux OS

Git

AJAX/JSON

ADDITION SKILLS

Good Communication Speaker

Patience

Reliable

Self Motivated

Active Listening

CAREER OBJECTIVE

My goal is to be one of the top ten programmers. Choosing Python and JavaScript as the programming language does not mean that I am bound by a limitation. I want to know the programming language deeply, and I'm still trying. I love innovation a lot, so I always try to discover something new.

WORK EXPERIENCE

Full-Stack Developer

Metabox Softwares

📅 July 2021 - current 📍 Purana Polton, Dhaka

- Built 30+ custom user interfaces using the REST API
- Implemented 14 new features as defined and scoped by a product team of 12
- Collaborated with 2 different development teams on 4 new project designs and feature improvements
- Suggested 20+ improvements to product design and functionality as informed by user-experience reporting
- Collaborated with 4 client service teams to understand and solve bottlenecks and proposed feature expansions

Full-Stack Developer Intern

Creative Tech Park

📅 June 2020 – April 2021 📍 East Rampura, Dhaka

- Built pipeline scheduling and execution platform and corresponding front-end to manage and interact with the platform
- Designed 20+ front-end Web Interface for engineers and testops to control and monitor the onboard system
- Analyzed and optimized performance bottlenecks in 8+ existing back-end systems, such as database queries and storage solutions, to increase responsiveness
- Worked with 5+ teams to build web-based tools to facilitate their development lifecycle

Summary: I am currently working as a full stack Web application developer at Metabox Softwares. Software Company. I have been working with appreciation for one year plus here. Prior to that I worked at Creative Tech Park for 1+ years. At this company I have come up with many improvements, such as advanced software user interface, internet activity checking system, security. This company also has projects that I have done alone, an e-commerce project, a newspaper project, Real Estate Project etc.
